

WRITING NAMES

Writing names in hieroglyphic characters is easy, simply substitute an equivalent hieroglyph for each letter in the name. Reference the table for letter equivalents.

You can also use Horus-Basic font with your favorite word processing program to type the name.

Write the name here.

For each letter in the name, draw the hieroglyphic equivalent. Draw the hieroglyphic characters in the space below using the chart below. Everyone's hieroglyphic writing is different, just like handwriting.
